

Security Incident Report

Incident ID: INC34a68a96

Date: 2026-06-03T18:41:10.752058

Report Type: manual

Summary: what if i tell you the problem? like i realised an employee access unauthorised client data

Severity: medium

Description:

- what if i tell you the problem? like i realised an employee access unauthorised client data
- yes i have
- not yet. i'm thinking about it
- the employee went into a folder they shouldnt have accessed and i can see they copied data
